**Re: Follow-up to June 16<sup>th</sup> "Replacement Tran Report" letter**

Dear Chair Nichols and Board Members:

The purpose of this letter is follow-up with our previous letter submitted to the Board on June 16<sup>th</sup>, 2010 regarding "Replacement Tran Report on Premature Deaths in California Associated with PM2.5 Exposure." To date we have not received a response, nor an acknowledgement of receipt.

We have enclosed an additional copy of our previous letter. At your earliest convenience please confirm its receipt. Additionally, please advise us on how you procedurally plan to address our concerns raised with the Replacement Tran Report, including your estimated timeline for its review and completion. As you are well aware, the Report is a critical component in understanding the foundation of the Truck and Bus Rule, and it is necessary that we understand the process you intend to undertake in redoing it. Furthermore, given the controversial nature of the original Tran Report from October 24, 2008 it is imperative that this second report be completed in an open and transparent manner.

Thank you for your consideration. We stand committed to working with you in accomplishing this crucial task.

Respectfully,

From all the signatories of interest listed on the June 16 letter.

Lee Brown, CDTOA

Bill Davis, SCCA

Skip Brown, Delta Construction

Jay McKeeman, CIOMA

Bryan Bloom, Priority Moving

Mike Lewis, CIAQC

Steve Weitekamp, CMSA
