

Looking for a Lifetime of Smiles[®]?

Assurant Employee Benefits is excited to offer you one great new dental program included in your dental plan - Lifetime of Smiles. Dedicated to improving the smiles of our members for a lifetime!

Lifetime of Smiles includes:

- Coverage of composite resins on **posterior teeth**. Other insurance companies may adjust the benefit to pay as amalgam (silver) fillings.
- Coverage for up to **4 cleanings** a year (members can now choose between periodontal and regular cleanings up to 4 in 12 months).^{1,2,3}
- Coverage for **brush biopsy**, a new technology in dental procedures, to detect oral cancer in its earliest and most treatable stage.
- Coverage for **genetic testing**, PST Genetic Susceptibility Test is the first and only genetic test that can identify individuals who are at genetic risk for gum disease.
- Coverage for **antimicrobial agents**, also known as periochips, a dental procedure to control bacteria and reduce the size of periodontal pockets.^{1,2}
- **Discounts** on dental health care products.
- Online **Dental Health Center** promoting the relationship between oral and general healthcare wellness.

Trust us as a leader -
